Phase	To Do	Action Item	Week 1					Week 2					Week 3				
			6/13	6/14	6/15	6/16	6/17	6/20	6/21	6/22	6/23	6/24	6/27	6/28	6/29	6/30	7/1
Phase 1	System Requirements	System Requirements analysis															
	Agree of Definition	Agree of Definition															
	Security Goal Identification	Asset Identification															
		Security Goal Identification															
	Artifact	DFD															
		System Architecture															
	Threat Modeling	PnG															
		STRIDE															
	Risk Assessment	Risk Assessment															
	Security Requirement	Security Requirement															
	Mitigation identification	Mitigation identification															
	Implementation	Two Factor Authentication															
		TLS															
		logging Feature															
		Configuration File Feature															
		DB Encryption															
	Verification	SW Feature Test															
	To Do	Action Item	Week 4				Week 5										
			7/4	7/5	7/6	7/7	7/8	7/11	7/12	7/13	7/14	7/15					
Phase 2	System Analysis	Artifact Analysis															
		Source Code Analysis															
	Vulnerability Analysis	Vulnerability Analysis															
		Vulnerabilit Report
